

Applauding Crowd Watches Jumpers and High Steppers

Jackeen Drees, Jewellers, are showing some excellent clock watches designed and manufactured by their own artist and also a fine line of diamonds.

The Jewellers-Henry Co. display a fine variety of watches. These watches have the touch of an artist, numerous and tasteful designs and are extremely attractive.

A Varied Display.

The Jewellers-Henry Co. display everything from the provincial needle to an anchor. The Clark-Kennel-Fowler Co. have some fine specimens of brass castings.

James Ramsey is a singing with a musical train of fair workshippers. Time and money have not been spared to make a worthy representation of this well known firm. Here is shown the price of military art, force in the most of Kasse designs, and goods worthy of North of Russia.

LARGE CROWDS ADMIRE THE DOGS

All Day Long the Dog Barking is Thoroughbred Wines and Handmade Animals are shown by Local and Outside Exhibitors.

The fourth annual dog show of the Edmonton Kennel Club opened at the exhibition grounds at an interesting list of entries. The dog building a veritable paradise for dog fanciers. The dogs of the land have been gathered together this year. The list of entries for the dog show promises the greatest percentage of increase of any class in the grounds.

All day long the dog show is thronged with an interested crowd of spectators. The entries ranged all the way from the massive Bernese to the little field spaniels and terriers, every dog seeming to take delight in barking at the full capacity of his lung power, so deafening was the din that he had almost to make his head heard.

Judging in Afternoon.

About two o'clock in the afternoon the judging was commenced in a small tent adjoining the dog show. W. M. Coates of Vancouver, one of the best dog judges in the world, was in charge of the department. The judging was about half finished and will be continued at the dog show this morning.

A keen competition has been engendered between the kennel clubs of Edmonton, Calgary and Winnipeg, and each city is determined to win. Although the reputation and future of the city hinged on the result of the date, Edmonton leads in the matter of points but conditions may be reversed before judgment is made. A feature of the exhibit is the M. C. O'Brien Hussar, who is second with Winnipeg not far behind.

In the pointer class, Walter Spier, of Edmonton, gathered a majority of the awards and was the Yale Hound, the biggest offer for competition in the show.

Prize-Winning Calgary Exhibits.

There was undeniable prize-winning material in the Calgary exhibit. In the English setter and Cocker spaniel and considerably took away a majority of the prizes.

Edmonton showed strong in the Chesapeake, pointer, field spaniel and Irish setters. The Chesapeake kennels made a grand clean up in the Chesapeake with two firsts, a second and a cup to their credit.

There are a large number of classes to be judged yet which will mean a heavy draw as the dog show continues today. On Friday the special cups will be awarded one of the most important features of the dog show.

IN THE REALM OF WOMAN

BY ENELOPE

Mr. and Mrs. C. B. Davis and Ray Davis, who for the past six months have been touring the Eastern States and the Maritime Provinces, have returned to the city.

E. L. Harrison, secretary of the Calgary Fair Association, and Mrs. Richardson, came to the city last night to attend the Thursday Fair.

In the morning, Mrs. Harrison, who was on her way to the Fair, arrived during the medical convention left for their home Tuesday. Mrs. Harrison, who is a member of the Eastern Club of London, England, as well as of the Canadian Women's Club, is very much interested with Edmonton—the Fair and the work of the fair, as well as the League is highly interested in sending educated Englishwomen out to Western Canada, as all have said Mrs. Harrison, but in her opinion the English gentleman would have quite before coming to Western Canada.

Dr. and Mrs. Harrison were among the visitors at the Fair yesterday, and they were very much interested in everything, seeing that the foundations for a large and prosperous city have been well laid.

One of the bright women's observations at the exhibition, Mrs. Harrison, who is a member of the Eastern Club of London, England, as well as of the Canadian Women's Club, is very much interested with Edmonton—the Fair and the work of the fair, as well as the League is highly interested in sending educated Englishwomen out to Western Canada, as all have said Mrs. Harrison, but in her opinion the English gentleman would have quite before coming to Western Canada.

A friend of Mrs. Harrison, a resident of London, and a member of the Eastern Club of London, England, as well as of the Canadian Women's Club, is very much interested with Edmonton—the Fair and the work of the fair, as well as the League is highly interested in sending educated Englishwomen out to Western Canada, as all have said Mrs. Harrison, but in her opinion the English gentleman would have quite before coming to Western Canada.

It is Mrs. Harrison's intention to return to Edmonton to continue this work, and she is very much interested in everything, seeing that the foundations for a large and prosperous city have been well laid.

DUKE WILL DEDICATE THE MEMORIAL TOWER

Interesting and Impressive Ceremony in Halifax-Tower Commemorative of Representative Government

HALIFAX, Aug. 13.—The steamer Earl Grey, with H. R. H. the Duke of Cornwall and York, arrived from St. John's, N.S., at three o'clock this afternoon. They were received with a royal salute from H. R. H. British which was here with our Major Williams, governor of New Brunswick.

The Duke will land at the dock yard at 10 o'clock tomorrow forenoon and will proceed through streets lined with military to the city hall, where a civic salute will be given. He will also receive a number of other addresses. Then H. R. H. will proceed to the Memorial Tower, where the memorial tower will be dedicated. This tower, built of native stone in honor of the establishment of representative parliamentary institutions in Nova Scotia 151 years ago, was erected at a cost of about \$50,000, contributed by governments, cities and corporations from all parts of the British empire. It stands in a park donated to the city by Sir Stanford Fleming and was built under the auspices of the Halifax Canadian club of which H. R. H. is president and has been the leading spirit.

The Canadian club offered one hundred dollars for a poem in honor of the event. The winning poem, by H. A. Fraser, of Great Village, N.S., has been just appearing for the first time, being as follows:

Freedom doth trust this royal throne today,
In thine, Britain haughtiest—largest of men,
When time has eroded love of Britain's men,
And when by age or love of man shall
In years unborn this pillar to survive,
Will still tell of our love of man's shining
And how long since this pillar doth
For cradle by this old Atlantic here,
And if far scattered children turn
To their father's earliest home,
And have the very stones in time,
That we of Britain build this pillar
Where first a daughter of our ancient
And so made a throne of her own.

WOOL TARIFF REVISION BILL IS PASSED OVER PRESIDENT'S VETO

Exciting and Historic Scene in the United States House of Representatives

WASHINGTON, Aug. 13.—By the narrow margin of five yeas the House today passed the wool tariff revision bill over President Taft's veto. The vote, 173 to 166, was made possible only by the defection of twenty-one Republicans who voted with the Democrats. The announcement of the Democratic victory came at 10 o'clock in the House and sent a thrill of joy through the Republican leadership.

Speaker Clark could count on votes to maintain his majority. He was defeated by the Democrats, a result which was expected by the House. When they discovered that defection from their ranks was to be expected it was too late to prevent it. Not in the memory of the oldest member of the House has a tariff measure ever been passed over the president's veto by the lower branch of congress.

Hudson Bay Railway Tender.

OTTAWA, Aug. 13.—President has been notified for the last session of the Hudson Bay Railway bill in Ottawa, which is available until September 12th.

THE CORICAN NOW IS STREAMING TO LIVERPOOL

Montreal, Aug. 14.—A Mercantile ship was reported to be the Allan Line at noon today saying that the fog in the Straits of Belle Isle had cleared and that the vessel was now proceeding on her way to Liverpool.

"All is well," is the report from the ship, which is now in the mouth of the Gulf of St. Lawrence.

GENERAL BROWN'S CONDITION.

Aged Salvationist Leader Totally Blind and Cannot Write

LONDON, Aug. 13.—The condition of General William Brown, the commander in chief of the Salvation Army, who was recently elected a member of the House of Commons, is reported to be such that he is now totally blind and cannot write.

It was this order that caused the priests to refuse to obey the orders of their superiors, Archbishop Brache and Bishop Bernard, to leave St. John's, and it was the refusal of the authorities of the Catholic church to remove their institution from St. John's which led to the final interdict of the college and of the priests and the threat of excommunication against the priests until they should submit.

TO CHANGE SECT OF UNION.

Typographical Union in Spoken in Cleveland

CLEVELAND, Ohio, Aug. 13.—The strike of the Cleveland Typographical Union against allied labor continued to show signs of being a serious one. The union is now in a position to make its position clear. The union is now in a position to make its position clear. The union is now in a position to make its position clear.

Crop Failure in New Brunswick.

MONROE, N.B., Aug. 13.—The farmers in Eastern and Northern New Brunswick are greatly discouraged by the weather conditions and believe there is a chance now many of the crops will be a total failure. The conditions, in short, may be described as desperate, and only on high or sandy soil is there any present prospect of an average crop.

Montreal's Assessment \$608,000,000.

Montreal, Aug. 13.—Reaching the enormous total of \$608,000,000, the assessed valuation of Montreal property for the current year shows an increase over the assessment of 1911 of \$159,000,000. Deducting from this grand total the completed of church property, city and government holdings, the balance left is \$549,000,000, an increase, while last year the total was \$390,000,000.

NEW DEVELOPMENTS IN MONNOIR COLLEGE CASE

Edwards, Who Has Claim Against the College, Refuses to Accept Settlement of Less Than \$100,000 Civil Court Judgment Complicates the Case.

Montreal, Aug. 13.—Interesting developments are expected in the Monnoir case today by the announcement today by Mr. Harry J. Elliott, counsel for Edwards, that the claimant would not accept a settlement of \$100,000, which had been offered by the college. Edwards' claim against the college for a hundred thousand dollars served to complicate the situation as a civil court ruling was given to the effect that the priests of the Monnoir college must not remove the institution from St. John's until the claim has been finally thrown out, the college property in St. John's serving as security.

It was this order that caused the priests to refuse to obey the orders of their superiors, Archbishop Brache and Bishop Bernard, to leave St. John's, and it was the refusal of the authorities of the Catholic church to remove their institution from St. John's which led to the final interdict of the college and of the priests and the threat of excommunication against the priests until they should submit.

China and Tibet Make Peace.

SIMLA, India, Aug. 14.—Peace negotiations which have been pending between China and Tibet at Lhasa for some time have reached a point where an agreement may be expected at any moment. The Tibetans, who are vassals of China, revolted at the time of the outbreak of the Chinese revolution and severe fighting ensued.

"YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him

"Fruit-a-lives Cured Him"

CHERRYVILLE, Ont., Jan. 29th 1911

"For over twenty years, I have been troubled with a disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life."

I doctor with different medical men and tried many advertised remedies, but none of them cured me.

Nearly a year ago, I tried "Fruit-a-lives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-lives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health.

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-lives".

This famous fruit medicine is sold on the kidneys—acting and strengthening them—and ridding the system of the waste matter that poisons the blood.

See a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Postal Note, Ottawa.
